BOUNCE CHAIR

27 Daniel Emma

The Bounce chair by Daniel To and Emma Aiston is made of bent powder-coated steel tubes and a plywood seat upholstered in Kvadrat fabric. As its name suggests, it has a bit of bounce when sat on.

28 CHESS TABLE Front

The Chess Table is intended for entertainment, rivalry and cleverness. Some people cannot stand losing and some people should not win. A checkmate is unavoidable! The checked pattern of 64 blocks makes it suitable for playing a game of chess anytime you like.

29 BIOMORPHIC De Castelli

BIOMORPHIC will be the main theme of the De Castelli stand at the Salone del Mobile 2022. The exhibition space will feature volumes and objects that result from the brand's research into organic forms and that tangibly express the multiple possibilities offered by the use of metalwork beating, embossing and hammering techniques.

30 DAMIER RUG CC-Tapis

Part of the Metroquadro collection, Damier is a range of existing hand-woven rugs with a modern twist and a penchant for minimalism and experimentation. They are now available in new sizes, colours, materials and pattern combinations.
